## Education

### Birla Vishvakarma Mahavidyalaya

Bachelor of Technology in Information Technology — CPI : 8.00

Sep. 2022 – Present

Anand, Gujarat

## Relevant Coursework

- Data Structures
- Database Management
- Computer Architecture
- Computer Network
- Operating Systems

## Experience

### CodeSoft

Jan 2022 – Feb 2022

Virtual Intern

- Developed a professional and captivating landing page for Codesoft Company, a leading provider of software solutions, using a combination of HTML, CSS, and JavaScript. The landing page serves as an entry point for potential clients and visitors, effectively showcasing the company's services, products, and brand identity.
- Technologies Used: HTML5, CSS3, JavaScript, Git/GitHub

### Hp Param Solution

On-site Intern

- Focused extensively on frontend development, contributing enhancing skills in modern frontend technologies. Collaborated with team members to implement and optimize UI/UX solutions. Gained hands-on experience in backend development, working on minor tasks to understand core concepts.
- Technologies Used: HTML5, Tailwind, JavaScript, ReactJS, Redux, Git/GitHub

## Projects

### 🔗 Personal Portfolio / HTML5, CSS3, JAVASCRIPT(ES5), SwiperJS, GSAP

🕒 Dec 2023

- \* Designed and developed a comprehensive responsive personal portfolio website to showcase my skills, projects, and experiences using HTML, CSS, JavaScript and Gsap.
- \* The website serves as a central hub for potential employers and clients to explore my work and learn more about my background.

### 🔗 Book My Show / ReactJS, Tailwind CSS

🕒 Oct 2022

- \* Designed and implemented a fully functional movie ticket booking interface inspired by the Book My Show platform using HTML, JavaScript and CSS
- \* Integrated key features such as filtering, search functionality, and a seamless ticket booking system.

### 🔗 Shopping Cart / Redux, CSS3

🕒 Oct 2022

- \* Developed a web application using CSS, and Redux to create shopping cart.
- \* Created both the home page and cart page, providing a complete shopping experience.
- \* Leveraged CSS and Redux to design an intuitive user interface, enabling smooth interactions between different components.

### 🔗 Expense Tracker / ReactJS, Tailwind CSS

🕒 Oct 2022

- \* Built a fully functional expense tracker application with a clean and responsive UI using ReactJS and Tailwind CSS.
- \* Implemented features such as filtering, sorting, and full CRUD (Create, Read, Update, Delete) operations to manage effectively.

## Technical Skills

**Languages:** C++, C, HTML/CSS, JavaScript, SQL, PHP

**Developer Tools:** VS Code, Github

**Technologies/Frameworks:** React, Gsap, Redux, SwiperJS

## Certification

🎓 JavaScript Algorithms and Data structures

🎓 Responsive Web Design

## Leadership / Extracurricular

### GDSC Core Team Member (PR Manger):
